

Consumer Technology Summit

Quality, one-on-one meetings
that will increase your business

The Consumer Technology Summit is a unique event where consumer technology vendors get together with US and Canadian retailers and distributors in private, pre-scheduled meetings that build relationships and generate new business.

Unique Format - 100% of your meeting time is dedicated to private, pre-scheduled meetings with key buyers.

Expanded Channels - Buyers from Regional CE, National Mass Merchants, Food & Drug, College Bookstores, Travel & Airport Stores, Mobile Resellers, Buying Groups, Fashion Chains, Apple Resellers, Distribution and more.

Private Meetings - Each vendor has a private meeting/demo suite, which ensures privacy and eliminates the need for booth set-up.

Efficiently Organized - Shipments are in your room when you arrive. Meetings are kept on schedule and there are customer-service personnel in each hallway ensuring that every attendee's needs are met.

Register now!

The vendor fee includes a private meeting suite, 50+ pre-scheduled meetings, two attendee badges, two sleeping rooms, all meals & entertainment and internet-based planning tools.
